Twin peristaltic dosing pump pH/Rx 230VAC black type Technopool (7015704)

bosta
bringing water to life

TECHNICAL SPECIFICATIONS

Colour	black
Type	Technopool
Voltage	230VAC
Max. Performance	14 Watt
WebshopURL	https://www.bosta.com/en-gb/twin-peristaltic-dosing-pump-ph-rx-230vac-black-type-technopool-7015704
Length	304 mm
Height	250 mm
Max. pool vol.	60 m^3

PRODUCT INFORMATION

For private pools with double built-in pH and Rx tool, suitable for the dosage of acid/alkaline correctors depending on the pH reading, and for dosage of chlorine or other disinfectants depending on the Rx potential reading.

Features:

- Display with digital controls
- Compact size
- Measurement range 5-9 pH, 0-999 mV
- Acoustic alarms
- Wall fixing bracket included

The equipment consists of:

- Suction/Injection pipe
- pH and Rx electrodes, buffer solutions
- In-line electrode holders
- Injection valves
- Foot filters (2x)

Compatible with:

- Level probes
- Flow and temperature probe
- Serial communication port RS485 for pc
