PRODUCT INFORMATION

SBG Supra pool liners are high-quality, reinforced membranes for use in many applications such as public swimming pools, recreation pools, hotel swimming pools and exclusive, private swimming pools.
These pool liners are the ideal solution for indoor and outdoor pools of any shape or size and the outstanding tensile strength and heavy-duty quality guarantee durability for years of maintenance-free use.
The SBG Supra swimming pool liner is completely waterproof and has the further benefit of antibacterial protection. They meet the strict certification requirements of German Health Authorities by complying with all chemical and physical regulations and can be used on almost any surface including tile, concrete, metal, wood and plastic.

The SBG Supra liner has the added advantage of an acrylic coating which also guards against discolouration caused by chemicals, plus acts as a dirt repellent.
15 year warranty against leakage during normal use.
