PRODUCT INFORMATION

The Rain Bird irrigation controller, type ESP-ME3 comes with 4 stations and is expandable up to 22 stations with the 3-6 station modules. Has reduced dial positions and a back-lit screen to improve programming. Suitable for both outdoor and indoor installations, ideal for small and medium gardens. Compatible with wired flow sensors for flow monitoring and saving water. Delivered with screws and wall plugs. Compatible with the LNK WI-FI 2 module in order to allow remote control of the controller via the app.
