Туре	Kompact 200 DPR Proportional
Flow range	5 ltr/h

PRODUCT INFORMATION

The Kompact 200 is an advanced solenoid-driven dosing pump for medium-sized indoor and outdoor swimming pools. The microprocessor-based Kompact range features both constant and proportional flow rates. The intuitive Kompact has been designed with the user in mind, featuring a multi-language menu and wizard probe calibration.

Features:

- 5L/h, 8bar
- Offers both Constant dosing (AML model) and Proportional dosing (DRP model)
- Suitable for indoor pools 50-350m3 and outdoor pools 50 -300m3
