

Rubber feet for heat pumps type DJ600, 2pcs per set, incl nuts, washers, screws (7038305)

PRODUCT INFORMATION

The DJ600 rubber base is a product designed specifically for heat pumps in pool heating systems. Thanks to its construction, it effectively dampens vibrations and noise, ensuring stability and quiet operation of the devices. It is ideal for outdoor installations, resistant to harsh weather conditions such as frost and moisture.

Features:

- Vibration and noise reduction
- High load capacity, support up to 560kg
- 600(L) x 163 (W) x 50(H) mm, 6.37kg per foot
