PRODUCT INFORMATION

The Rain Bird Wireless combo sensor, type WR2-RFC-868, delivers a water saving controller system for your irrigation. The WR2-RFC-868 has a wireless rain and freeze sensor with superior signal reliability.
The sensor has dual antennas for reliable sensors and with different irrigation modes.
The freeze sensors stop the irrigation when the temperature drops below an already set point.
The sensors are easy to deploy and fit with 24VAC irrigation controllers.
