PRODUCT INFORMATION

Are you tired of struggling to find the right tool to prepare your PE pipes for a perfect connection? Look no further than our Rotary Scraper Complete Set, the all-in-one solution to your pipe surface preparation needs. Our Rotary Scraper Complete Set comes with a range of inserts suitable for PE pipes, making it the most versatile tool on the market. The different inserts allow you to adjust the size of the scraper to fit your specific needs, ensuring that you can achieve a perfect surface every time. The set is supplied in a durable plastic case, making it easy to transport and store. The compact design of the case means you can easily take it with you to job sites or store it on your truck for easy access. At Bosta/Bevo, we believe that having the right tools for the job is essential to achieving optimal results. Our Rotary Scraper Complete Set is designed to help you work smarter, not harder, so you can save time and effort on every project. Invest in the best with our Rotary Scraper Complete Set and experience the benefits of working with high-quality tools. Order now and take your pipe surface preparation to the next level.
