

Waterco Commercial sand filter fibreglass 6"/160mm flange 4bar grey type SPDD1800 (7038383)

WATERCO
EUROPE LTD
Water, the liquid of life

TECHNICAL SPECIFICATIONS

Colour grey

Material fibreglass

Connection flange

Pressure 4 bar

Max. temp. 40 °C

Type SPDD1800

Capacity 76 m³/h

Size 6"/160mm

Sand 4330 kg

Filter area 2.54 m²

Max. pool vol. 380 m³

DIMENSIONS

B 1839 mm

C 2260 mm

PRODUCT INFORMATION

Micron SPDD filters are fitted with a plate and nozzle system, which ensures uniform flow for both filtering and backwashing, ensuring maximum performance through the media bed. The nozzle plate system also allows the introduction of pressurised air directly into the bottom of the filter media. Uniform introduction of air and water through the nozzle plate provides vigorous agitation and filter media bed expansion required for an effective air/water backwash leading to reduced backwashing times and reduced volumes of water. Save up to 25% of backwash water.

Features:

- 1.2m bed depth
- Ultra smooth bobbin finish
- Flanged connections
- Nozzle plate system
