

Control unit frost protection 230VAC white type Gelelec (0892803)

TECHNICAL SPECIFICATIONS

Colour	white
Type	Gelelec
IP value	IP55
Voltage	230VAC
Height	170 mm

PRODUCT INFORMATION

This digital frost resistant control unit ensures a continuous filtration when the temperature drops below a predetermined value. The unit will start the filtration (forced) when the air temperature is lower than the desired value (adjustable), even outside the filter range defined by the filter clock. Includes temperature probe with 1.5 m cable. Dimensions (H x W x D) in mm: 170 x 120 x 80 Switchboxes in accordance with European standards 60439.1, 60439.3, Electromagnetic Compatibility (2004/108/EC) and Low Voltage Directive (2006/95/EC). Transformers in accordance with European standard EN-61558
