

Counter current system 2 1/2"
glue socket 13.9 - 8.0A 400VAC
type Jet Swim Athlete
(7029030)

TECHNICAL SPECIFICATIONS

Type	Jet Swim Athlete
------	------------------

Connection	glue socket
------------	-------------

Voltage	400VAC
---------	--------

Output Power	5,4 HP
--------------	--------

Size	2 1/2"
------	--------

Power	4 kW
-------	------

Ampere	13.9 - 8.0 A
--------	--------------

Max flow rate	67 m ³ /h
---------------	----------------------

IP value	IP55
----------	------

PRODUCT INFORMATION

Jet Swim Athlete creates a natural swimming experience by providing a balanced water flow for your personal training. It uses a flow technique with two oval nozzles, the lower nozzle is directed downwards for lifting the lower body to provide a more natural swimming experience. With a 4.0 kW power motor and 68 m³/h jet streams, you can easily exercise your strength and physical fitness. The jet streams is adjusted seamlessly in order to suit your personal needs. All components in the unit is designed with focus on durability and sustainability.

Features:

- Stainless steel front AISI 316L

- New flow technology with two oval nozzles
- Pneumatic starting button
- Bronze pump with high quality motor (class IE3)
- Suitable for concrete pool, liner pool and mono-block pools with wall thickness up to 8mm
