PRODUCT INFORMATION

The Norsup filter type Supra is made of sturdy fibreglass reinforced polyester with a weather-resistant gel coat. Due to the 290mm wide opening, sand changes can be carried out without any difficulty. Using the twelve threaded bolts, the transparent cover can be securely screwed to the filter body. The transparent cover helps determine how much dirt is in the filter.

Features:

- Exclusively from Bevo/Bosta
- High quality fibreglass reinforced polyester
- UV-resistant
- 290mm opening for easy sand change
- Maximum working pressure up to 3 bar
- Praher 6-way valve included
- 10 years tank warranty + 5 years valve warranty
- Certified according to DIN-EN 16713
