PRODUCT INFORMATION

The VGE Pro medium pressure UV lamps emits a wide spectrum of Ultraviolet (UV) light which not only gives very good disinfection results but is also excellent for photolysis applications like the reduction of chlorine in pool applications. The single ended lamp in combination with the S.B.T. (Single end bayonet technology) and the on-chamber visual lamp status indication makes the system extremely user friendly. We offer different systems with medium pressure UV lamps from 400W to 3000W MultiMax 400 is a perfect choice for both private pools and commercial pools. The 2" BSPT male thread makes it easy to install in a pool system. It includes a 400W single ended lamp and controlled by a compact controller which equipped with a LED lamp life indication.

Features:

- 1x 400W lamp
- 2" BSPT male thread
- Compact controller
