

Tank level indicator white type RM Eco-FS (7023839)

TECHNICAL SPECIFICATIONS

Colour	white
Type	RM Eco-FS
Length	23 mm
Width	63 mm

DIMENSIONS

H	110 mm
---	--------

PRODUCT INFORMATION

The RANGEMASTER Eco-FS is a separate fill level indicator for installation in the RAINMASTER Eco. By using this, you will always have the fill status of your tank in view. The RM Eco-FS contains the display module, the sensor system, and the control line for the tank. The digital calibration of the tank water level and measuring range is done in a few seconds, at the push of two buttons.
