Hunter®

bosta
bringing water to life

TECHNICAL SPECIFICATIONS

Colour	green
Material	HDPE
Connection	male thread
Type	6 valves
Size	1"

PRODUCT INFORMATION

Pre-assembled valve box with 6 solenoid valves. Expandable to unlimited zones as it can be interconnected. The valve box comes fully assembled with a drainage connection to make the installation frost-free for the winter months. The inlet and outlet coupling is 1" male BSP thread. The solenoid valves are 24VAC so they can be combined with our range of 24VAC controllers. You can connect this valve box very easily with our heavy flex pressure hose, which connects to the main irrigation pipe. Labels to mark and identify zones are included. 2 years warranty on all products. This valve box saves you time and assembly work.
