PRODUCT INFORMATION

The Blue Lagoon Timer UV-C 4ALL with DUPLEX stainless-steel housing is suitable for both saltwater (electrolysis) and chlorinated pools. It contains an integrated timer that accurately monitors the number of operating hours. You can therefore see exactly when the lamp must be replaced.

Features:

- DUPLEX housing, suitable for both, salt-water (electrolysis) and chlorinated pools
- Timer function indicating the remaining lifetime of the lamp
- A built-in electronic ballast to ensure a smooth power supply
- Up to 35% more UV-C yield as a result of reflection by the DUPLEX interior
- Multiple installation options for easy installation
- Comes with Ø63mm to Ø50mm fittings, and 1½" female threaded inserts
