## Rain Solenoid valve fibreglass reinforced nylon 3/4" female thread 10bar 24VAC black type RN150 (0862901)

## **TECHNICAL SPECIFICATIONS**

Colour	black
Material	fibreglass reinforced nylon
Operation	indirect servo-operated
Indirect effect	yes
Material housing	fibre-reinforced plastic
Material seal	NBR
Connection	female thread
Right-angled model	no
Temperature range	4°C - 70°C
Minimum pressure difference	1 bar
Frequency	50 Hz
Minimum inlet pressure	1 bar
Pressure	10 bar
Direct current (DC)	no
Туре	RN150
Capacity	110 l/min
Size	3/4"

Voltage 24VAC

## **PRODUCT INFORMATION**

The plastic electric valve is for hobby or professional use. Technical Specification:
Temperature-resistant from 4° to 70°C.
All types with flow control and manual operation.
